Dr. Arthur B. Krimm  
Chairman, Weizmann Dinner  
American Committee for the  
Weizmann Institute of Science  
515 Park Avenue  
New York 22, New York

Dear Dr. Krimm:

It is a happy testimonial to the universal search for truth in science that this occasion should simultaneously and mutually honor two of its outstanding exponents - in the person of the Scientific Advisor to the President of the United States and in the institution of the Weizmann Institute for Scientific Research. As you do honor to one another I send you both my earnest regards and best wishes.

Wiesner

WIESNER, J.
